# Who can attend?

Any child interested in making friends, experiencing new things, and diving into the creative process through exploration and invention.

Binghamton City School District (BCSD) transports children (K-5th) to our program on days that school is in session. Parents must provide transportation for children outside the BCSD. We are open to children from all districts on school holidays.

We place a strong emphasis on community building, leadership, and community service. Our educators will work with you to ensure your child's afterschool adventure is the kind of experience childhood memories should be made of.
